

Autumn 2 - Falcons

During the Autumn term we have learnt about the life and times of the Romans. We started our topic learning about how Rome was created with Romulus and Remus. Legend tells us that Romulus and his brother were raised by a she wolf and that the name Rome comes from the name Romulus.

During our topic we got to look at how Rome quickly became one of the largest empires the world has ever seen.

Part of our topic was learning about how Rome invaded Britain and how they came head-to-head with a Celtic Queen called Boudicca. We wrote some newspaper articles about this.

We also got to design our own mosaics which we did on our Roman school trip to Chedworth.

In English we have read and written about the 'Incredible Book Eating Boy' by Oliver Jeffers. We had to come up with our own story about someone who liked to eat unusual things. We really enjoyed the story because it made us laugh and we also wished that it would be that easy to read a book and digest a lot of knowledge.

In Maths we started the year by looking at place value and understanding what each digit represented. With this knowledge we were then able to continue our learning and learn about column methods in addition and subtraction and start to learn more of our times tables.

We really enjoy using Timetables Rockstars and challenging our friends, sometimes in other classes.
